

IT'S WORTH REPEATING

"I am of the opinion that my life belongs to the whole community and as long as I live, it is my privilege to do for it whatever I can."
~ George Bernard Shaw

Zika Virus is Headline News

Health Foundation of South Florida recognizes your dedication to our community. As partners in building a healthy South Florida, we are sharing information on the Zika virus from the Florida Department of Health. Among the ways they are keeping the public informed is by covering our state with dynamic posters.

For your convenience, here is a link to seven posters which are available in English, Spanish, Portuguese and Creole. There is also a poster for pregnant women.

<http://broward.floridahealth.gov/programs-and-services/infectious-disease-services/epidemiology-and-disease-control/zika-prevention.html>

Please forward this email, create your own mailing or print copies of the posters to share with people where you live, work and play. Additional information is available for Miami-Dade County at <http://miamidade.floridahealth.gov/> Monroe County <http://monroe.floridahealth.gov/> and Broward County <http://broward.floridahealth.gov/>

According to the Centers for Disease Control and Prevention, the virus, named after the Zika Forest in Uganda, was discovered back in 1947. This year, the World Health Organization (WHO) declared the Zika virus a Public Health Emergency of International Concern. And today, we can proclaim our commitment to caring by helping to share information on preventing this virus.

Thank you for passing it forward.

Health Foundation of South Florida, a nonprofit grantmaking organization, is dedicated to improving health in Broward, Miami-Dade and Monroe Counties. By advancing health solutions, the Foundation makes a measurable and sustainable impact in ensuring access to affordable, quality health services for all residents. Since 1993, the Foundation has awarded \$115 million in grants and program support. For information, please call 305.374.7200 or visit www.hfsf.org
